Jon Waaler

Detail-oriented software developer with 2 years of professional experience

Toronto, ON M4N 2V2

jonwaaler@outlook.com

+1 416 912 7235

Programmer with almost 2 years of experience in an fast paced start-up environment managing RemnantLabs' primary product "Alter Genesis" (a video game, Unity3D, C#). I excel at learning new technologies and software on the fly while also maintaining development on the primary product. I have a passion for exploring new and uncomfortable spaces and am looking for opportunities that will expand in that experience.

Work Experience
